

Friends of The Buscaderos

Take a walk back in time, down the streets of Tombstone, Dodge City, and Laredo. Put on your boots, strap on your guns and grab your hat. Its time to Cowboy-Up. You remember the old west days, the Wild West and the great shows like Maverick, The Rifleman, The Lone Ranger and F-Troop. Remember all the great adventures you had playing Cowboy and riding in to save the day. Lots of us wanted nothing more than to grow up and be a Cowboy. Well here is you chance once again.

You are invited to become a friend of the Tombstone Buscaderos. The Tombstone Buscaderos is an all volunteer, organization dedicated to the Preservation of our Western Heritage. We do this by spreading and reliving the culture The Old West through our Cowboy events, action shoots, social gatherings and campouts on the range.

The mission of the Tombstone Buscaderos is to maintain the ideals embodied in the "*Code of the West*" for everyone living in today's society. The American Cowboy represents honor, integrity, respect, love for mankind, the flag, this great country and the world in which he lives and works. The Cowboy has strong family values, love of nature, and preservation of the environment. This is why he hold our events on a real Open Range. In these troubled times we believe these values are more important today then anytime in history....

The Tombstone Buscaderos operate without the benefit of any Arts or Foundation funding. Our success is dependent on the generosity of individuals throughout this great nation. The preservation of the American Cowboy, his Spirit, Way of Life and love for the open range is what we are sharing with future generations.

Currently we have a very special group of friends – people like you—who support the Tombstone Buscaderos with Their contribution each year. So pull up a hay bale, set a spell and have a cup of java on us. When your with the Buscaderos, your with family.

We trust you will accept our invitation to become a friend of the Buscaderos.

I would like to help Tombstone Buscaderos
